LETTER FROM SRC PRESIDENT

Hey Durban Tribesters,

Hope you guys had a good and successful first half of our first semester!

We have a few social and charity events planned out for you. For the social events we will do an 80's & 90's themed party, a trivia night, and possibly a fun little dance-off with our neighbours, COPA. On the cards is also a charity event planned to support the CANSA campaign in Durban.

We know the Wi-Fi has been very slow, making our lives a bit difficult hence we are busy with a solution to upgrade and get things up to speed again.

Kind Regards

Callum Hobden

Cape Town Campus

LETTER FROM SRC PRESIDENT

Greetings Tribesters!

My name is Daisy, and I am the 2022 SRC President at the Cape Town campus. I am a second-year Environmental Design student with a passion for sustainability, a slow and circular economy, Cape Town's beautiful natural resources and my dog, Bodhi.

My first year at Inscape was a great year of growth, knowledge, and skills gained, but the social aspect stayed stagnant for most of the year. I spent a lot of time working on campus alone. This proved productive but lonely. This year the Cape Town SRC hopes to bring the sparkle and energy back to our campus; already, we have seen the energy at campus shift drastically! It's lovely to see and hear smiles on faces, chatter, laughter and students working harmoniously together.

After a lonely pandemic, social interaction on campus is a beautiful thing!

As the Cape Town SRC, we are planning events and initiatives for the students of Inscape, Cape Town, to flourish together socially and creatively. We hope this year is productive and happy for all students and will strive to ensure our peers' academic success and joy. And we wish the same for all Inscape campuses nationwide.

Kind Regards

Daisy Rauch
