When making your purchases, please ask art shop assistants for good quality alternatives for students. Always consult with your lecturers for specific projects.

**Sewing Machines:** You will need a machine after the first few modules. There is no need to rush out and buy one now.

If you are unsure of whether you will continue a fashion design career purchase a less expensive entry level machine.

If however you feel that fashion will be a lifelong passion rather invest in a good quality domestic machine and overlocker /serger. There will be consumables that will remain an ongoing cost. Your lecturer will identify what materials are needed for each brief.
